COLUMBIA, ADAIR COUNTY, KENTUCKY, WEDNESDAY SEPTEMBER 21, 1910.

NUMBER 46

A TEXAS REPUBLICAN CONVENTION.

Nominates a Former Russell County Boy for Congress in the First District.

NOMINEE IN COLUMBIA FOUR WEEKS AGO.

A letter from Sulphur Springs, Texas, contains the following information:

The Republicans of the first Congressional District of Texas, held their convention in this city Aug. 27th, and nominated Hon. Velmer Antle, of Sulphur Springs, Texas, for Congress.

Mr. Antle is a prominent cotton buyer, having been with the firm of M. H. Waffie & Co., for four years. He is formally from Russell county, Kentucky, having just returned from Russell Springs, Ky., where he and Mrs. Antle spent the summer with his parents.

The Convention should be complemented on nominating Mr. Antle, for he is a man who has many admirers, notwithstanding the short time he has been in Texas, and will add great strength to the party, being a republican of the highest type.

Notice.

An order having been entered at the regular August 1910 term of the Adair County court, directing that a poll be opened and an election be held in Roley voting precinct No. 1, of Adair county, on the first Tuesday in Nov. 1910, submitting to the voters of said precinct the question as to whether or not cattle or any species thereof shall be permitted to run at large in said precinct. Therefore I will on Tuesday Nov. 1 1910 cause a poll to be opened and an election held at the regular voting places in said precinct submitting to the voters the question as to whether or not cattle or any species thereof shall be permitted to run at large. A. D. Patteson, Sheriff of Adair County.

Death at Campbellsville.

Fannie, the beloved wife of Mr. J. S. Stults, Campbellsville, died at her late home Wednesday night of last week. She was a victim of a Cancer and was sorely afflicted for seven or eight years. Her husband did everything in his power to prolong her life, much of her time during her illness, being spent in Louisville and Cincinnati where she was treated by the most eminent physicians. She was the youngest child of the late Ferdinand Heistean, and was born and reared in Campbellsville where she had many friends and where her death is deeply deplored. Her husband is almost comfortless, as no children are left to cheer his lonely hours. There is One, however, who can give comfort, and to Him we would admonish the sorrowing husband to go and with a contrite heart ask for the balm that will heal a bleeding heart.

Mr. W. A. Coffey, agent for Mrs. Ellen Wheat, sold to Mr. W. C. Grider, last Tuesday, the farm and residence at Montpelier, known as the Cyrus Wheat property, for \$5,875, possession to be given the first of October. This is a very desirable farm and is considered cheap. Mr. Grider, the purchaser formerly lived in Columbia. He is a first-class citizen and a fine farmer. At present he is living at Esto, Russell county, where he owns a good farm. We are glad that he decided to again become a resident of Adair county.

Jim Conover, who lives near Gentry's Mill, killed a large copperhead snake a few days ago. Fifteen young ones, about one foot long each, ran out the mouth of the dead reptile.

We are receiving this week tailored coat suits for ladies and Misses. Newest fabrics and latest styles.

45-2t Russell & Co.

The Wayne County Outlook asks, who is "Dick Lee," the negro boy who was recently arrested at Stanford, upon the charge of stabbing two white men. The boy's name is Dick Lee Hardin. He was born and reared near Columbia. He got into trouble here and left six or eight years ago. His mother lives near this place, and we understand has been to Stanford to see her son since he got into trouble at that place.

Robert, the eleven year old son of Mr. and Mrs. J. M. Campbell, Pellyton, met with a severe misfortune one day last week. He was riding a mule, the animal getting scared, throwing the lad to the ground, breaking his left arm. The limb was set by a physician, and the little fellow is getting along very nicely.

Mr. M. L. Mitchell will please accept the thanks of this office for several very delicious pears, his own growing.

The Baptist Association.

The Russell Creeks Baptist Association convened with the church at Milltown, this county, last Wednesday and Thursday. Mr. H. S. Robinson, of Campbellsville, was the Moderator and Mr. E. F. Tucker, Greensburg, Clerk. Nearly all the Churches in the boundary were represented either by letter or messenger and many of the reports showed a great increase in membership. During the session a number of interesting sermons and helpful talks were delivered.

The people of Milltown showed their appreciation of the large gathering by handsomely entertaining all who attended.

The next Association will be held with the church at Greasy Creek, Green county, Wednesday after the first Sunday in October, 1911.

Dr. Simpson Simmons, who recently graduated from the Louisville University, and Miss Eliza J. Phelps, who lives near Jamestown, were married last Wednesday morning by Eld. F. J. Barger in front of the minister's residence. Dr. Simmons has located at Gradyville where he will practice his profession and is a very worthy young man. His bride is one of Russell county's best young women. The couple have the best wishes of their many friends.

Taylor, who with her husband reached Shelbyville in time to attend the funeral. The deceased maiden name was Miss Sallie Allen, and in her girlhood days was a student in C. C. College, this place. Her old schoolmates will regret to hear of her death.

Mr. R. L. Hill, Jeweler and Optometrist, of Campbellsville, Ky., who has recently returned from the Northern Illinois College of Optics, at Chicago, where he took the various courses and degrees offered by that school, wishes to say to the people of Columbia and Adair county, that whenever they need anything in his line, he will give them prompt and accurate service. Mr. Hill has been in the jewelry and optical business, at Campbellsville, for several years. See his "ad" in this issue of our paper.

The arc lights of this town are operated by switches and no one has the right to meddle with a switch who is not concerned in the plant. It has been the case that some one has turned the lights on upon several occasions, and the individual who knows nothing about the construction is likely to do damage. Therefore, unconcerned persons are warned to keep their hands off the switch that governs the arc lights. A. H. Ballard.

Mr. Frank Sinclair has sold a one-half interest in the front lot, between the Paul Drug Co., and Mr. W. H. Wilson's store to Mr. G. W. Dillon. They will erect a brick business house, sixty feet deep and will complete it this fall. All the plans have not yet been agreed upon, but will be determined in a few days. This building will be quite an addition to the square; the more business houses we have the more business will be established.

"Delightful Outing."

Really it seemed that the days of the "use to be" had returned when Wednesday afternoon about five o'clock Mr. Robt. Todd, brought in his hay wagon and team, and conveyed a crowd out to Todd's Cave. The destination was reached at 7:30 and immediately a large fire was started, around which the young ladies spread a very enjoyable lunch. When this was over the exploration of the cave followed, lasting about two hours.

The entire party which was composed of Mrs. E. E. Spiller, Misses Elma Page, Elizabeth Drake, Myrtle Zimmerman, Jennie McFarland, Margaret Todd, Myrtle Myres, Vic Hughes, Mable Jasper; Messrs. Base Ball.

Quite an interesting and close ball game was played at Greensburg last Saturday the 10th inst., between Bucknersville and Gresham local base ball teams. While the Bucknersville boys claim a victory of 6 to 4, we beg leave to differ since the umpire was a citizen of the Bucknersville vicinity, and his partiality to them could be plainly seen by all present. He did not only give them all the close decisions, but also a couple that were wholly inconsistent, this being the only thing that put them in the lead. Our boys all did excellent playing, but the leading feature throughout the game was the pitching by Johnston, who won the admiration of all. He certainly held the Bucknersville boys down nicely, "he's a little too stiff for them, they can't quite hit that twirl," and they can no longer boast of having players who never fan for their first six men were put out in that way and the total number of fanning and striking out was 19 times. Doesn't that seem like Johnston knows his business?

To make a long story short the game was ours although the umpire decided it against us. x

Democratic Congressional Convention at Somerset next Thursday. Two names most prominently mentioned for the nomination—Virgil Smith of Somerset, and Elzy Bertram, of Albany.

The large vote brought out last Thursday was cast, so far as we know, without a single disturbance in the county. There was a little wrangling over a few voters in West Columbia Precinct, but nobody got mad enough to bring on a disturbance of any consequence.
